Title: Small Groups!

Message:

Hi All,

I've had a few people reach out to me to say they are interested in starting or being involved in a small group Bible study and life group! We also have some new members coming in and this would be a great way to get them plugged in for some deeper fellowship! I would love to hear from you if you're already involved in one, or if you're interested in being in a group! Please reply and let me know:

_____ I am not currently in a small group but am interested in being in one!

_____ I am currently already in a small group and we would have space to add _____ number of new members!

_____ I am currently already in a small group, and we are already 'full' however, we would be interested in learning what curriculums or Bible studies might be available for our group to consider next!

Please email Travis at travis.dahlke@gmail.com so we can start to gather information together and get organized and united as a church in the awesome ministry area!
